EUROPEAN TROPHY CROSS COUNTRY RALLY RAID / 2ND ROUND, SERRES, GREECE

SERRES RALLY 2013

Serres Rally is taking place again this year, from the 26th to the 31st of August.

After last year's inaugural success, Serres Rally is again a 5 day Rally Raid in which competitors on motorcycles, quads and cars compete in the rugged terrain and wild beauty of northern Greece.

Organised by two professional organizations, this year is looking to be another fantastic event.

- **5 days** (1 day prologue and 4 Rally days)

- **1450kms total** (1150kms across 10 Special Tests)

- This year one day will include **trails from the 2008 ISDE** (seperate roadbook for moto and quads/cars)

- **Varied terrain** will include mountain-top passes and trails, river crossings, difficult abandoned roads dating from the Second World War, muddy sections, fast open terrain, green valleys, technical terrain, stony sections and even sandy river beds

- **Timekeeping by Infomega** (ISDE and World Enduro Championship partner)

- **Live Tracking and results** available with 5 minute delay on public URL

- **Extremely accurate roadbooks,** written and checked by international Rally Raid and Enduro motorcycle competitors. We know what a racer wants to see when competing!

- **FIM and UEM sanctioned event** (2nd Round of the European Cross Country / Rally Raid Trophy)

- **Safety precautions** include numerous ambulances, and recovery vehicles, certified paramedics and doctors, plus a helicopter on standby mode in the paddocks

- **A fantastic paddock/bivouac area,** located inside the grounds of the 5 star Elpida Resort, with special rates for competitors and support crews. The bivouac will stay in the same location throughout the race, minimizing support expenses

- **Group discounts for teams of 5 entries or more**

Feel free to contact us regarding travel and accommodation tips, or anything else you would like to ask, our contact details are at **www.serresrally.com**

Sincerely, Serres Rally

GREECE RALLY RAID

Fees

Technical Control for vehicles
August 27:
Briefing and 1st day of competition, Prologue
August 28:
2nd day of competition
August 29:
3rd day of competition
August 30:
4th day of competition
August 31:
5th day of competition and award ceremony and Pool Party.

Assistance

The city of Serres has many repair garages for motor vehicles and motorcycles, parts and machine shops where you can solve all mechanical problem that arise. Regarding the race, the daily return to the Paddocks at Serres, will be a cost effective way for engineering support. There will also be a special team for engineering support of motor vehicles and motorcycles, which will provide a full mobile crew which can meet any reasonable needs. More information will be available in the beginning of August and an entry form will also be available for anyone that is in need of Technical Support.

Safety

The race will cover all the requirements set by the UEM and FIM federations and with guaranteed experience from the Off Road Team for design of the Road Book, this means that errors and defects that might cause confusion, frustration, and accidents will NOT be an issue.

Furthermore, the out rider (00), the recovery rider and check point stewards, will insure that they have quick access to competitors in case of an incident. Four ambulances (and a 4x4 ambulance), four 4x4 vehicles and a mobile medical crew will make their best effort for immediate access to competitors in case of injury or an accident. Stewards on the route every 40km for any problems or additional information.

Competitors will be monitored via individual GPS Trackers from **MyTrack™** satellite tracking system that informs the organizers of the race for: • Any infringements of speed limits. • Wrong direction in route. • Failure to complete the given routes specified in the Road Book. • Stopping the vehicle for a period of time that is not logical. • The exact position of the vehicle for quick intervention / recovery.

Navigation

In Serres Rally 2013, navigation through entire stage will be made with full colour Road Book. There will also be a GPS class. The GPS tracking and logging device given to the competitors by the organisation will be used for tracking competitors' position and speed in any speed limit zones.

The Route will remain secret until the road book is distributed to the crews on 20:00 of the day before the stage.

Road Book of Serres Rally, is in colour and in standard A5 format for Cars, and in 145 mm wide in roll for Bikes and Quads. Relative distance note from the previus tulip for the Cars, but to the next tulip for the Bikes and Quads! Official Road Book is in English.

For at least five participants from a nation, Serres Rally Organization will make the description in their mother tongue. Minimum unit distance is 10 meters and participants must calibrate their computer with a defined distance given by the organizers.

UEM
RALLY RAID TOUT TERRAIN
REGULATIONS

UEM Enduro & Rally Commission

UEM Raid Tout Terrain Trophy 2013

1 GENERAL

The UEM organizes the UEM Raid Tout Terrain Trophy 2012 according to the rules of the UEM Sporting Code and the UEM and FIM Rules, by the Jury made from the UEM appointed member, Clerk of the Course, and one third member appointed at the event and with particular references to any Supplementary Regulations produced by each organizer.

2 PARTICIPATION

To participate in the UEM Raid TT Trophy a rider must hold a regular driving licence and a National licence of his Federation and starting permission.
Motorcycles and their equipment must comply with the National legal requirements for Road Trafic of the country in which the vehicle is registered and with any other rules specified in the Supplementary Regulations.
Riders must conform to the traffic regulations in force in each locality crossed during the competition. Any competitor convicted of an offence against such regulations may, after an enquiry be disqualified or have others penalties imposed as provided in the UEM arbitration and Disciplinary Code.
All motorcycles must comply with UEM/FIM Technical regulations.

3 SUPPLEMENTARY REGULATIONS

The Supplementary Regulations (SR) shall contain important local details on such matters as the course, average speeds, safety conditions, entry fee etc...
Any modifications or additional provisions shall be announced by additives which will be dated, numbered and signed. These additives will form an integral part of the SR and shall be posted on the official notice board for the Rally. They shall also be communicated directly to the competitors in the shortest possible time.
The organizers must show the UEM logo in the SR of each race.

4 JURISDICTION

A Jury composed in conformity with the dispositions of the UEM Sporting Code will supervise the event.
The UEM Enduro Commission nominates the Jury President or an Observer.

5 ROAD BOOK

The road book has been conceived in order to indicate the road to follow and the main dangers.
Any reconnaissance of the track is forbidden, on pain of exclusion from the race.
The information given by the road opener team will be communicated to competitors during the briefings and by bill posting.
The official itinerary of the Rally is described in the road book given to the competitors and must be completely followed, on pain of a penalty which may lead as far as to the exclusion from the race.

6 CLASSES

A – motorcycles under 250 cc four stroke and under 125 cc two stroke
B – motorcycles from 250 cc to 450 cc four stroke and over 125 cc two stroke
C – motorcycles over 450 cc four stroke
D – quads

7 SERVICE AND ASSISTANCE

Re-Fuelling is allowed only at Service controls indicated by the Organizer or at the stations services on the roads.
The rider may receive Outside Assistance at the Service Controls.
Only the rider can work on the motorcycles outside the indicated service controls.
The changing of tyres/wheels are unrestricted.

8 RANKINGS

For each race the rankings shall be:

- Overall
- By class – classes A – B – C - D

9 CALCULATION OF RESULTS FOR THE UEM RAID TT TROPHY

There will be results produced for each single day's race.
The points awarded each day will be:
25 pts to 1st – 20 pts to 2nd – 16 pts to 3rd – 13 pts to 4th – 11 pts to 5th – 10 pts to 6th – 9 pts to 7th – 8 pts to 8th – 7 pts to 9th – 6 pts to 10th – 5 pts to 11th – 4 pts to 12th – 3 pts to 13th – 2 pts to 14th – 1 pts to 15th

10 NATIONS CHALLENGE TROPHY

A special classifications reserved to nations shall be editing derived from the overall final standing of the race. It will be calculated the results of the best three riders of each present Country.

11 ECOLOGICAL AREA

Each organizer will be obliged to provide a special area for the safe storage of waste oil, tyres, batteries and/or any other material regarded as environmentally hazardous. Such area shall be in the paddock/service areas and shall be clearly identified.

7. MEETING WITH THE ORGANIZERS

Venue: Jury room.
See attached Time Schedule.

8. TECHNICAL CONTROL AND VERFICATIONS.

To partecipate a rider must hold a regular driving licence and a National licence of his Federation and starting permission.

Motorcycles and their equipment must comply with the National legal requirements for Road Trafic of the Country in wich the whicle is registered and with any other rules specified in the S.R.

Venue: The Technical control post.

See attached Time Schedule.

9. JURY MEETINGS

Venue: The Jury room.

See attached Time Schedule.

10. RIDERS BRIEFING:

Meeting point: at the Clerk of the Course office

See attached Time Schedule

11. PRACTISE:

See attached Time Schedule

12. RACES:

See attached Time Schedule

13. FUEL:

In accordance with FIM specifications.

14. INSURANCE:

By endorsing the application form for entry, the FNM of the rider certifies that the rider is insured in accordance with the UEM requirements.

The organizer has contracted a third party insurance in accordance with Art. 110.1 of the UEM Sporting Code. This insurance includes a guarantee of the minimum amount as stipulated by the UEM Management Council. The Insurance comes in effect 2 days before the first practise and ends 2 days after the meeting.

The organizer disclaims all responsibility for damage to a motorcycle, its accessories and components arising out of an accident, fire or other incident.

15. PROTEST AND APPEALS:

Any person or group of persons (rider, entrant, manufacturer, official, etc.), recognized by the FIM and concerned by a decision taken under the authority of the UEM, may ask for redress for the consequences of that decision.

Protest must be lodged according to the UEM Disciplinary and Arbitration Code and the Supplementary Regulations and be accompanied by a fee of 130,- € or equivalent amount in local currency, returnable if the protest is justified.

In general, protests against eligibility of a rider entered, must be made before the start of the official practice.

Protests against results must be presented to the International Jury within 30 minutes following the publishing of the results.
An appeal can be made to the UEM Disciplinary Commission against a decision of the International Jury.

Protest entailing a fuel control: See UEM SM rulebooks.

16. PRIZE-GIVING CEREMONY:

Venue of the prize-giving ceremony:
See attached Timetable.
The first three riders are invited to attend the prize-giving ceremony.
Additional other riders can be invited by the promoter or the organizer. Riders might also be invited for a Press Conference.
If invited, attendance to the prize giving ceremony or press conference is compulsory.

17. INTERPRETATION OF THE SUPPLEMENTARY REGULATIONS:

The interpretation of this regulations rests entirely with the Jury. In case of dispute, regarding the interpretation or if there is any difference between the two official texts, the English text will prevail.

18. MISCELLANEOUS:

The maximum fee for Transponders and GPS Trackers rent is 200.-€, the fee has to be paid back after return of the Transponder and Tracker.

Place and date: **Serres, 9.2.2012**

The race office is equipped with a high speed internet connection over the whole meeting.

The Clerk of the Course: Dimitris Athanasoulopoulos

Approved by FMNR: AMOTOE / OMAE

3. Z3: Entry Level Class for production cars, and for beginner crews (Only 2 days race for this category, 30-31 August)

ARTICLE 5: REGISTRATION
For the race all competitors which hold a valid driver's license from the Ministry of Transport and a valid racing license from the EPA / OMAE for automobile drivers or a Racing License accreditation from AMOTOE for bike riders will be accepted to race.
With respect to foreign competitors, International - European Teams License will be accepted, or a National racing license together with a Starting Permission from the Federation where they belong.
License which holds penalties, which may be imposed by the corresponding disciplinary bodies, will not be accepted.
Competitors who do not hold a valid racing license can request a day license from the race administration, only if a valid driver's license is present.
Anyone who wants to participate, must complete an application form and deposit the amount corresponding to the class, indicating their name in the comments section and sending it by fax to 210 5127532 or by email to info@serresrally.gr TOGETHER with the deposit receipt of the entry fee.
For more information please go to our website http://www.serresrally.gr
For the application form to be accepted it must be accompanied by a bank transfer receipt. The original must reach the organizer no later than administrative inspection.
The co-drivers' registration must be declared by 20/8/2013.
The organizer has the right not to accept more than 100 entries.
The organizer has the right not to start the race, if there are fewer than 40 entries. In this case the entry fee will be refunded to the beneficiaries, without interest.

ARTICLE 6: FEES - INSURANCE
The participation fees are as follows:
For motorcycles and quads 500€. Before 1st March, 400€. While for late entries (not paid by 1/7) 600 €
For vehicles 4x4 600€. Before 1st March, 480€. While for late entries (not paid by 1/7) 720€
The AMOTOE, OMAE, the Organizing Committee, LAMS, the Off Road Team, officers, judges, sponsors, advertisers and the drivers of the race, do not assume any liability to third parties for any accident which may happen during the race.
The liability is held by the insurance company which has concluded a contract covering risks from these activities.
Competitors should be aware that the stages take place on roads open to public traffic and must observe the National Road Codes throughout the race.
Insurance coverage:
The insurance coverage and amounts are listed in the Circular of the EPA / OMAE and AMOTOE.

ARTICLE 7: RACE
7.1 STARTING POSISTIONS AND RACE START.
Motorcycles will be the first to start the race. After a period of 10 minutes Quads will start, while the first car will follow in time to be decided by the Race Director, but no less than thirty (30) minutes after the last Quad has left the start line.
The first Stage start order (Introduction) will be decide by the Race Director.
After each Stage, the start order will be set by the classification of the previous Stage, motorcycles and Quad will be first, then automobiles and 4x4.

7.2 ROUTES AND TRAFFIC
The race will take place on roads open to public traffic, except the special stages , the Prologue will be closed to traffic of other vehicles.
Competitors are required throughout the race to obey the National road rules and the maximum permissible speed set by them, and should show proper attention to regular users of the road. Especially for vehicles passing through residential areas, a designated maximum speed limit of 30 or 50 kilometers is set, unless the local road codes and signs provides lower limit.
In each case, the penalties can reach up to and exclusion from the race.
The route control and speed control will be checked by GPS tracking system, and will be monitored during and after the race, competitors routes will be checked for any violations.

7.3 VEHICLES ARRIVING TO THE START AREA
Vehicles must be presented at the start area, one hour before the start of the race; otherwise the organizer may fill the position with another crew or competitor and will not be given permission to start. In this case, the crew which did not appear at the start area can be excluded from the race or stage.

7.4 SELECTED ROUTES AND TIMED ROUTES

The selected routes and timed routes of the race will take place on roads open to the public traffic.

The Average Speed on all special regularity routes is not greater than 50 km / hour.

On regularity specific routes that will take place on roads OPEN to public traffic, speed limits are set by the National Road Codes and SHOULD BE FOLLOWED at all times, even if the average speed set by the organizer is greater.

The crews must finish the regularity route without stopping (except for unforeseen events), following the Average Speed of the special stage, given by the organizer.

The organizer, in his discretion, shall designate intermediate timing points at check points.

The average speed for the precision timed routes may be announced before the start of the race.

7.5 MISSED CHECK POINT PENALIES (CP)

Missed Check Points Penalties

The penalty for missing a check point (CP) is set at 30 minutes for each violation. The penalty can be changed by the Race Director, and confirmation of the recorded tracks of the participants.

7.6 SPECIAL STAGE PENALTIES

Special stage penalties will result from the total time on special stage. In the Special Stages with Regularity resulting from the deviation from the ideal time for each category.

7.7 PENALTIES LIAISON STAGES

Liaison Stage penalties for motorcycles, Quad and 4x4 are strictly proportional to the delay or early arrival, i.e. 1 minute penalty for every minute late or early arrival.

A penalty is considered as a late start of each day, stage, or liaison stage, in relation to the scheduled time set by the organizers.

The starting times of both Liaison and Special stage will be strictly on time and without delay, **by 3 minutes procedure**.

7.8 PENALTIES FOR SPEED LIMITS

For exceeding the speed limit in areas of control and speed limit set by the Road Book:

For excess of 1 to 10 km/h: **½ minute penalty (30") for each kilometer exceeding the speed limit**, for each speed limit given in the Road Book, taking into account the higher speed point.

For excess of 11 to 20 km/h: **1 minute** penalty for each kilometer exceeding the speed limit, for each speed limit given in the Road Book, taking into account the higher speed point.

For excess from 21 to 40 km/h: **2 minutes** penalty for each kilometer exceeding the speed limit, for each speed limit given in the Road Book, taking into account the higher speed point.

For excess over 40 km/h: Exclusion from the race

If the speed limits are exceed repeatedly: The competitor or crew will be exclusion from the race, even if the excess speed is less than 40km/h

SPEED CONTROL ZONE

In the zones defined as Speed Control Zones, the speed of the riders, in the Road Sections as well as in the Selective Sections, will be limited to 30, 50 or 90 km/h. Moreover, it is the responsibility of the rider to adapt his speed to the local population and the traffic.

These zones will be marked on the road book by a box marked "DZ" (start of the zone), a FZ box (end of the zone) and the maximum speed allowed. The absence of indicating signs for speed cannot give cause for protest.

Overtaking is authorised, on condition that the maximum speed authorized in the zone is not exceeded.

Speed controls will be done by means of the GPS.

In a Speed Control Zone, if the speed limit is exceeded, a signal can appear on the GPS screen to indicate excess speed with a recording of this.

A deceleration area of 90 metres around the start of the zone as well as an acceleration area of 90 metres around the end of the zone will be allowed.

A Speed Infringement (SI) is made when the maximum speed is exceeded once or several times in the same Speed Control Zone.

When speeding, a pulse signal is recorded in the GPS every 150 m and the speed is shown on the speed page "SPD" on the GPS. Each pulse signal (IMP) will be penalised as follows.

l up to 20 km/h: IMP X 1'

l between 21 and 40 km/h: IMP X 2'

l more than 40 km/h: IMP X 6'

Example: Zone limited to 50 km/h. A rider passes the first two pulse signals at 100 km/h then the 3rd at 80 km/h, the 4th at 52 km/h; the other ones are below the limit.

Calculation: 2 x 6' + 1 x 2' + 1 x 1' Total of the penalties: 15 minutes.

The second Speed Infringement will be when speeding once or several times in another Speed Control Zone. The Number of Speed Infringements (NSI) will be added during the event. From the second offence and for all the following, each pulse signal (IMP) will be penalised as follows:
l up to 20 km/h: IMP X 1' X NSI
l between 21 et 40 km/h: IMP X 2' X NSI
l more than 40 km/h: IMP X 6' X NSI
Example: in the second Speed Control Zone of the rally, limited to 50 km/h, the same rider passes the first pulse signal at 72 km/h, the 2nd at 63 km/h, the 3rd at 51 km/h; the other ones are below the limit.
Calculation: 1 x 2' + 2 x 1' Penalties: 4 minutes x 2 which makes a total of 8 minutes of penalties, as it is the 2nd Speed Infringement (NSI = 2), then x three for the third Speed Infringement (NSI = 3), x fourth for the fourth Speed Infringement (NSI = 4) etc.
The controls will be ordered by the Clerk of the Course or the FIM International Jury and executed by a GPS technician in the presence of an official or a Judge of facts.
The FIM International Jury can give a disqualification if the relapse of speeding is considered intentionally.

7.9 OTHER PENALTIES

The Race Director of the course taking into account, the penalties set by the General Regulation Rally Raid or penalties set by the General Regulation of resistance, and after agreement with the Stewards may impose penalties that can reach as far as exclusion from the race.
- If rider or crew calls for help via mobile phone for direction assistants, the penalty is 15 minutes. If 3 or more calls are made, the maximum penalty is set, assuming that the competitor has not completed the special stage.
- The penalty for a competitor who does not complete the special stage is: The maximum time or maximum penalty for the competitors who have completed the special stage, + time penalty equal with the length of the special stage in kilometers in minutes (SS=100km, penalty =100minutes). In any event, competitors who do not complete a specific or liaison stage cannot be classed over competitors who have completed all the stages, even though their total time is seemingly smaller.
- The penalty for a competitor who does not complete a liaison stage is: The maximum time or maximum penalty for a competitor who has completed a liaison stage, + time penalty equal to the liaison ideal time.

7.10 ONTIME LIMITS IN THE RACE

The on-time position of the race is set to every day limits from the organization. If a competitor has a time larger than the set time in a CP or TC, he is automatically out of the race, accepting the penalties, so they can continue to the next Stage. The out of race time may be modified by the organizers at any time upon proposal to the Race Director of the race, especially if the delay has come from a CP or TC before the middle of the race. Meaning the delay in the first TC cannot be over 30 minutes, over 1 hour for the second TC, etc. cars that exceed these times in a Stage, can start the next Stage, with corresponding penalties from the stage that was not completed.

7.11 INSTITUTION COURSE RECORD

The route of the race was done by bike and distances were count by ICO Rally and IMO 100R50 Rally, with an accuracy of 10 meters. **Calibration number: 2180**. Calibration point is available in front of the administrative control.

7.12 GPS TRACKING by MY-TRACK

Trajectories of vehicles are monitored by satellite tracking – recording systems by **MY-TRACK**, where they are able to calculate the correct route of the race, any violations of speed limits, stopping of the vehicle due to technical problems, and any delays due to unforeseen events as e.g. a blocked path, providing help in case of an accident, etc. in such cases the Race Director may decide to remove the particular delay from a crew, when it is proven that the delay was due to a unforeseen event or foreign assistance in case of injury of another competitor.

7.13 TIMEKEEPING

The timekeeping system in the Special Stages will be done by INFOMEGA, the Enduro World Championship partner. There will be sensors – transmitters and on-line Live Results continually.

7.14 EARLY ARRIVAL

Early arrival is allowed only on the last liaison stage at the end **of each stage** of the race. It is not allowed for the rest of the liaison stages, unless the organizer decides for motorcycles riders, for safety reasons.

7.15 FINAL STANDINGS

The final classification in Serres Rally, will be include the addition of all the penalties from Special Stages and Liaisons, as ONE race, and not adding point classifications of the 5stages

ARTICLE 8: SPONSORSHIP

Organizer keeps the right to put stickers on participants'' vehicles.
If the competitor does not want it, must pays double entry fee.

ARTICLE 9: TROPHIES

There are cups for the 1st, 2nd and 3rd in every category.
All participants who will finish the race will take medals and diplomas.
Cups for every Stage Winners.
Cups for classes winners in motorcycles.
Cups for overall winners in motorcycles.
The organization may give extra cups as it likes.

ARTICLE 10: PRIZE GIVING CEREMONY

The Prize giving ceremony will take place at Elpida Resort & Spa Hotel the scheduled dinner time. **The competitors' presence is compulsory**.

ARTICLE 11: VEHICLES AND CREW EQUIPMENT

11.1 BIKES

The motorbikes must have: Light, brake light, horn, rear fender with mudguard, copy of number plate. Street legal tires are not obligatory but recommended.

11.2 QUAD - ATV

The Quads must have: Light, brake light, horn, nerf bars, kill switch.

11.3 RIDERS

Riders must wear: Full Face Helmet, Chest protector, knee protectors, elbow protectors, gloves, Enduro Jacket, Boots, mask.
They must also carry on them:

- Motorcycle tools and extra spark plug
- Tire repairing set - if no mousse, tire is equipped
- Mobile phone in waterproof packaging (able to phone out and receive calls) which will be open with a loud sound
- Horn - lights
- Camel Back with water
- Energy Bars
- Enduro Jacket + waterproof Jacket
- GPS and extra batteries for 15 hours autonomy
- Mini Survivor kit (compass, torch / flashlight, foil survival blanket, lighter, small mirror, whistle, smoke rocket, flares or red hand - held smoke flares, pencil + contact number + first aid form, paper and useful phone numbers).

11.4 AUTO 4X4 Z1

The cars must be equipped with: roll cage, race belt, bucket seats, 2 2kg fire extinguishers, or equal automatic system, ECE helmets, 2 belt for the vehicle, first aid kit, mudguards, kill switch, lights, brake lights, Horn, Stop signal, and all the rest equipment mentioned from the Technical Regulations.

11.5 AUTO 4X4 Z2

The cars may be equipped with: roll cage, race belt, bucket seats. The cars must be equipped with 2 2kg fire extinguishers, or equal automatic system, and for the crew recommended ECE helmets (compulsory if there is roll cage), 2 belt for the vehicle, first aid kit, mudguards, kill switch, lights, brake lights, Horn, Stop signal, and all the rest equipment mentioned from the Technical Regulations.

11.6 CREWS

The crews must wear suitable clothing,
And they must carry on their cars:

- Large plastic trash bags
- Plastic boots
- Work gloves
- Rope
- Straps (at least 2)
- Carabiners, snatch block
- Off Road Jack
- Spare tires
- Fire extinguisher 2kg
- Tow joints
- Extra clothes
- Car tools
- Water (2 liters)
- Lighter
- GPS and extra batteries
- Mobile phone which will be open with a loud sound
- Horn - lights

11.7 SAFETY EQUIPMENT

All competitors are responsible for the safety equipment given by the organization (GPS trackers, timekeeping sensors - transponders, mobile or global phones), and they had to return them back in the same condition. Otherwise, they had to pay for any damage or loss.

Carrying of any type of fuel tanks on the vehicles is forbidden. Only recommended extra tanks for Quads and bikes.

Penalties and Time Limits

Delay limits and penalties for Liaisons and Special stages will be as follows:

Abandonment of a Stage

Each rider / Each crew has the right to not finish a liaison or special stage as many times as he wants, but on the condition that he starts the race day!

Competitors, who complete ALL the special stages, and ALL of the liaisons without abandonment, will be classified above the others! Their classification will be above someone who was not able to finish a stage; this includes classification for race day and for the final classification.

DNS

If a competitor does not start a day of competition, he will receive an additional penalty of 2h00' but has the right to do so only once in the race, so he can be legible for classification and not considered out of the race (i.e. abandon the race, not just the stage).

Whoever does not start 2 or more race days, is considered to have abandoned the race, but reserves the right to participate in all stages of the race for his personal pleasure.

Time limits

The time limit on liaisons is +50% of the ideal time. From then on, it is considered that the competitor has abandoned the liaisons stage.

The time limits for the special stages, depends on each particular stage, and is announced before the race, but in any case, it cannot be longer than if the stage was travelled with an average speed of 25km/h.

Meaning, if a competitor is traveling repeatedly slow (and not due to a temporary misfortune, like a flat tire, damage that can be repaired and he continues) will be warned by the race stewards, beyond a certain limit which will leave him behind the flow of the race and of course because of night fall, he is obliged to leave the stage and return via the local roads, in which case he will be classified as abandoning the stage.

Liaison:

If one rider or one crew does not complete or does not try to run liaison, the penalty which will be imposed for classification of the day, is the perfect time for the Liaison. *

That is, if he's time is 6h45'and the last liaison has a average time of 30 minutes, and he returns with assistance, or bypass the liaison, etc., he will receive a penalty 30' having a total of 7h15'.

Special Stages:

If one rider or one crew does not try to run the stage, the penalty which will be imposed for classification of the day, is the maximum time for the corresponding category (2T & Quad or 4x4) + minute penalty for the length of the specific stage in kilometers. (i.e. 1-minute penalty for each km of the special stage) .*

If one rider or one crew does not complete the special stage, the penalty which will be imposed for classification of the day, is the maximum time for the corresponding category (2T & Quad or 4x4) + minute penalty for the length of the rest of the Special Stage, according his track from the GPS Tracking, or the Intermediate timings. For security reasons Intermediate timings will be enforced for both the big 4th liaison dirt stage of the 4th day, and on the large marathon special stages of the 2^{nd,} 3th and 5th days. If the competitor abandons the stage after a check point, the penalty will not calculated in minutes corresponding to a total length of the stage, but will be calculated after the check point that the competitor has past, or EXACTLY for the rest part of the stage according his GPS track.

I.e.: If for example a competitor in the 280km special stage, passes the fourth intermediate time check point at 210km and abandons after (e.g. 250km), he will be given the last competitor's time of the stage, +30' minutes corresponding to the time from 250km to 280km. This so a rider will not be penalized harshly, if he abandons near the end of a long special stage.

Serres Rally Raid 2013

General Things

RTFM Read the Fucking Manual (this handbook)!!!
Everything you do during this event is under your own responsibility. The Serres Rally organization cannot be held liable for any damage that you or your vehicles suffer or that you cause to anyone or anything else.
In the Serres town, there is the Serres Hospital, 3 kms from the Hotel Elpida, to the end of Perimetrical Road, to Drama.
The Serres Rally organization provides medical and emergency services, but due to the character of the race, it is not possible for these services to be immediately near to any incident. Keep it in your mind! You are here for fun. Stay healthy!
Race Time is Greek time = European Central Time (CEST) +1 hour.
You must have a mobile phone with roaming 24 hours per day open, during the whole event. Ensure that you can be called by the organization at any time.
Organization will give you 2 (two) GPS – GPRS Trackers every morning, so to follow you at any time with a double Global System Monitoring. You MUST NOT turn off this tracker! In case of emergency, you can call the organization via this tracker, pushing the green button, or continually the central red button. By the same way, Organization can call you, as the tracker works as mobile phone too, with loud speaker and vibration. So, put it in a high place on your jacket, near your head, to hear it, and for the GPS and GPRS antennas to have better signal! Remember always: There is NO the perfect system, and the best system is NOT panacea…
Do not say ***malaka*** (μαλάκα) to any male Greek person that you don't know personally, especially not to officials like policemen, customs officers etc. You severely risk that famous Greek hospitality immediately turns into its opposite. This rule does not apply to your Greek friends. Don't say malaka to women, this does not make any sense at all.

Race

Due to the international character of the event, the roadbook is written in English. Be Happy that it's not in Greek… Make sure that you understood all roadbook symbols and information before you start into a stage. It's probably better to ask before than to experience a personal nightmare off the rallye track. We are here to ask us everything! The uppermost authority on questions concerning the roadbook is the Clerk of Course.
On every day of the Rally, the Roadbook refers to the Gas stations, at Special Stages and Liaisons. In the 3rd Marathon Stage, the organization will bring your fuel to a refueling point. The same will be done in the 2nd day, in the middle of the 2nd Special Stage of the day (SS3). There will be your tank to wait for your thirsty vehicle. We only transport serious fuel containers without any leaks.

In the mountains

You will be alone in the mountains. Most likely you will meet other people hanging around there for whatever reasons. Slow down your speed and always greet when you pass people. The Rally Track is NOT CLOSED! So, always be aware that you might encounter traffic (pick-ups, Vans, big trucks, tractors, etc.) that in generally have more hand power than you!

You will come across fences and gates in the mountains. They usually don't protect property, but try to prevent animals from strolling around where they like. In case you encounter a gate on the track, pass and leave it in the state it was before

Wildlife

There are NO honeybees this season…

About sheep, cows and Goats: If you meet a shepherd with his herd blocking the track, greet him, slow down or even stop and wait to let HIM organize his animals to free the track before you go on.

You might meet turtles on the track! Do not run over them! You can stop your vehicle, get off and place the turtle in a more safe location, out of the road. It will not run away when you do this, and you have a good chance to increase your karma!

Paddocks

Please, do not leave your rubbish alone… Put them with others! Clean your vehicles in the appropriate places, and do not burn out inside the parking area! The speed limit in the parking – paddock area is 20km/h. If you don't respect this rule the punishment is money penalty, imprisonment and walloping!

Penalties and Time Limits

Race director and Clerk of Course can impose penalties for unsporting or generally stupid behavior. There are no written rules for this. You are an experienced rider, so just don't bullshit and you are fine!

Delay limits and penalties for Liaisons and Special stages will be as follows:

Abandonment of a Stage

Each rider / each crew has the right to not finish a liaison or special stage as many times, as he wants, but on the condition that he starts the race day!

However, competitors, who complete ALL the special stages, and ALL of the liaisons without abandonment, will be classified above the others! Their classification will be above someone who was not able to finish a stage; this includes classification for race day and for the final classification.

DNS

If a competitor does not start a day of competition, he will receive an additional penalty of 2h00' but has the right to do so only once in the race, so he can be legible for classification and not considered out of the race (i.e. abandon the race, not just the stage).

Whoever does not start 2 or more race days, is considered to have abandoned the race, but reserves the right to participate in all stages of the race for his personal pleasure.

Time limits

The time limit on liaisons is +50% of the ideal time. From then on, it is considered that the competitor has abandoned the liaisons stage.

The time limits for the special stages, depends on each particular stage, and is announced before the race, but in any case, it cannot be longer than if the stage was travelled with an average speed of 25km/h.

Example: If a competitor is traveling repeatedly slow (and not due to a temporary misfortune, like a flat tire, damage that can be repaired and he continues) will be warned by the race stewards, beyond a certain limit which will leave him behind the flow of the race and of course because of night fall, he is obliged to leave the stage and return via the local roads, in which case he will be classified as abandoning the stage.

Liaison:

If one rider or one crew does not complete or does not try to run liaison, the penalty which will be imposed for classification of the day, is the perfect time for the Liaison. *

That is, if his time is 6h45'and the last liaison has an average time of 30 minutes, and he returns with assistance, or bypass the liaison, etc., he will receive a penalty 30' having a total of 7h15'.

Special Stages

If one rider or one crew does not complete or does not try to run the stage, the penalty which will be imposed for classification of the day, is the maximum time for the corresponding category (2T & Quad or 4x4) + minute penalty for the length of the specific stage in kilometers. (i.e. 1-minute penalty for each km of the special stage).*

** Intermediate timings for security reasons will be enforced for both the big 4th liaison dirt stage of the 4th day, and on the large marathon special stages of the 3th and 5th days. If the competitor abandons the stage after a check point, the penalty will not calculated in minutes corresponding to a total length of the stage, but will be calculated after the check point that the competitor has past.*

I.e.: If for example a competitor in the 280km special stage, passes the fourth intermediate time check point at 210km and abandons after (e.g. 250km), he will be given the last competitor's time of the stage, +70' minutes corresponding to the time from 210km to 280km. This so a rider will not be penalized harshly, if he abandons near the end of a long special stage.

Road Book Sample

- **Basic Infos for this part of the Roadbook (Race, Area, Kms, Time, Average Speed - Regularity)**
- **Partial kilometers from the previous picture**
- **Total kilometers from the start of this part**
- **These two small lines, means: Not that way - wrong way**
- **This is the critical point of the picture. Here is the navigation point – the point of calculating the kms numbers**
- **The black dot is the place that you are coming, the point of view the cross road, the picture.**
- **Double picture: there are 2 crossroads in that picture. This number means me distance between the 2 crossroads. The total kms refers to the 1st crossroad.**
- **Off road path. Turn again to an off road trail…**
- **From off road path the track becomes more clear - visible**
- **Coming from a downhill path you go straight. Left there is an uphill road**
- **Road**
- **Track – off road**
