SERRES RALLY 2014

Serres Rally is taking place again this year,
from the 31st of August to the 6th of September.

After last year's inaugural success, Serres Rally is again a 7 days Rally Raid in which competitors on motorcycles, quads and cars compete in the rugged terrain and wild beauty of northern Greece.

Organised by two professional organizations, this year is looking to be another fantastic event.

- **7 days** (1 day prologue and 6 Rally days, 1 night at mountain bivouac).
- **1650kms total** (1250kms across 12 Special Tests).
- This year some days there will be **2 different routes**, one Enduro Rally with **trails from the 2008 ISDE**, and the second Rally Raid route common with Quads and Cars (seperate roadbooks).
- **Varied terrain** will include mountain-top passes and trails, river crossings, difficult abandoned roads dating from the Second World War, muddy sections, fast open terrain, green valleys, technical terrain, stony sections and even sandy river beds.
- **Timekeeping by Infomega** (ISDE and World Enduro Championship partner).
- **My-Track Live Tracking and results** available with 3 minute delay on public URL
- **Extremely accurate roadbooks**, written and checked by international Rally Raid and Enduro motorcycle competitors. We know what a racer wants to see when competing!
- **FIM, FIM Europe and AMM sanctioned event** (International Cross Country / Rally Raid).
- **Safety precautions** include numerous ambulances, and recovery vehicles, certified paramedics and doctors, plus a helicopter on standby mode in the paddocks.
- **A fantastic paddock/bivouac area**, located inside the grounds of the 5 star Elpida Resort, with special rates for competitors and support crews. The bivouac will stay in the same location throughout the race, minimizing support expenses.
- **Discounts for last years' participants and winners.**

Feel free to contact us regarding travel and accommodation tips, or anything else you would like to ask, our contact details are at www.serresrally.com

Sincerely, Serres Rally

GREECE RALLY RAID

Fees

Moto & Quad: €800
Women: €400
Cars & Buggies: €900

Until March 1st Discount €100 on the Entry Fee.

After July 1st
Surcharge €100 on the Entry Fee.

Extra Discounts for steady participants and 2013 winners.

Entry costs include:

- All paper work regarding the race and all administrative expenses.
- Numbering for competitors vehicles.
- Road Book for the race.
- Road Book for Service.
- Racing costs which include timing etc.
- Medical support for the race and bivouac.
- Recovery and transport to Serres.
- Navigation System for monitoring competitors.
- Access to Bivouac & facilities, Camping at the Paddocks.
- Security for bivouac.
- Liability insurance for the race / 3rd party insurance.
- Free Internet at bivouac.

Not Included:

- Accommodation.
- Meals (except for the planned catering at bivouac area).
- Fuel costs and technical assistance from the race organizers.
- Competitors Personal Insurance / Cost of new License.
- Elpida Resort & Spa facilities.

We will announce rates for Elpida Resort & Spa shortly (including special prices for use of the Spa).

August 31:

Briefing, Prologue

September 1:

1st day of competition

September 2:

2nd day of competition

September 3:

3rd day of competition

September 4:

4th day of competition

September 5:

5th day of competition

September 6:

6th day of competition award ceremony and Pool Party.

Assistance

The city of Serres has many repair garages for motor vehicles and motorcycles, parts and machine shops where you can solve all mechanical problem that arise.

Regarding the race, the daily return to the Paddocks at Serres, will be a cost effective way for engineering support.

There will also be a special team for engineering support of motor vehicles and motorcycles, which will provide a full mobile crew which can meet any reasonable needs.

More information will be available in the beginning of August about the final kilometers and routes, and an entry form will also be available for anyone that is in need of Technical Support.

Safety

The race will cover all the requirements set by the FIM Europe and FIM federations and with guaranteed experience from the Off Road Team for design of the Road Book, this means that errors and defects that might cause confusion, frustration or accidents will NOT be an issue.

Furthermore, the out riders (OO), the recovery riders and check point stewards, will insure that they have quick access to competitors in case of an incident.

Four ambulances (and a 4x4 ambulance), four 4x4 vehicles and a mobile medical crew will make their best effort for immediate access to competitors in case of injury or an accident.

Stewards on the route every 40km for any problems or additional information.

Competitors will be monitored via individual GPS Trackers from **MyTrack™** satellite tracking system that informs the organizers of the race for:

- Any infringements of speed limits.
- Wrong direction in route.
- Failure to complete the given routes specified in the Road Book.
- Stopping the vehicle for a period of time that is not logical.
- The exact position of the vehicle for quick intervention / recovery.

Navigation

In Serres Rally 2014, navigation through entire stage will be made with full colour Road Book. There will also be a GPS class on different routes. The GPS tracking and logging device given to the competitors by the organisation will be used for tracking competitors' position and speed in any speed limit zones.

The Route will remain secret until the road book is distributed to the crews on 20:00 of the day before the stage.

Road Book of Serres Rally, is in color and in standard A5 format for Cars, and in 145 mm wide in roll for Bikes and Quads.

Relative distance note from the previous tulip for the Cars, but to the next tulip for the Bikes and Quads!

Official Road Book is in English.

For at least five participants from a nation, Serres Rally Organization will make the description in their mother tongue.

Minimum unit distance is 10 meters and participants must calibrate their computer with a defined distance given by the organizers.

Supplementary Regulations – Time Schedule – Race Information
FIM – FIM Europe International Cross Country Rally
SERRES, 31 AUGUST – 6 SEPTEMBER 2014

ARTICLE 1: GENERAL

1.1 DEFINITION

The Off-Road Team, after approval from the FIM, FIM Europe, AMOTOE will organize the Serres Rally Raid 2014, which will be held on 31/8-6/9/2014, in the region of Serres, Drama, Kilkis.

The race will take place in accordance with:

- a. The Rules and Regulations of the FIM, FIM Europe, AMOTOE
- b. The Regulations of the OMAE 4x4 ENDURANCE CHAMPIONSHIP and annexes.
- c. The General Rules of ENDURANCE RACE 4X4 for vehicles and its annexes / circulars.
- d. The General Rules of RACE TRAIL RIDE - RALLY RAID on bikes - Quads of this specific regulation.

The general rules and their annexes are available on the organizers official site: www.serresrally.com, <http://www.offroadteam.gr>

Where there are conflicts in the regulations, these are clarified by the specific regulation, circulars that may follow, while disputes are resolved by the Board of Stewards, the Marshals and Race Director.

1.2 RACE ADMINISTRATION

The Race administration will be available till 22/8/2013 12:00 at the offices of the Off Road Team Club and from 23/8/2013 at the Elpida Hotel Resort (EHR) in Serres.

Competitors must be in constant contact with the Race Administration to receive information releases.

1.3 OFFICIAL NOTICE - PRESS OFFICE

Information about the race will be available from the Race Administration and the websites www.serresrally.com, www.offroadteam.gr

1.4 SCHEDULE

Registration opening:	1/1/2014
Closing date for registration with discount:	31/3/2014

ARTICLE 3: RACE PLAN

3.1 Total length of the race: 1450 km

31 August 1st Stage – Pre Test for Checking, Prologue, Eleonas- 45km

1 September 2nd Stage - Sidirokastro, Belles Mountain, Lake Doirani, Kastanousa, Vironia, Metochi, Serres - 341km - 3 Special Stages

2 September 3rd Stage – Drama, Livadero, Nestos River, Rodopi, Kara Dere, Falakro Mountain, Vrontou, Lailias, 359km - 1 Special Stage

3 September 4th Stage – Orini, Serres - 48km - 1 Special Stage

4 September 5th Stage – Bosdakas, Lailias, Agistro Mountain, - 313km - 1 Special Stage

5 September 6th Stage – Nigrita, Vertiskos, Krousia, Kerkinki, - 297km - 2 Special Stages

6 September 7th Stage – Enduro Tour Lailias, - 90km - 1 Special Stage

3.2 Asphalt roads ~15%.

3.3 The route is common for 4X4 Vehicles, quads and Big On-Off Bikes, including forest roads, mountains, off road parts. Enduro motorbikes have different routes with small part of off road paths.

3.4 There are Liaisons and Special tests between. Total Special stages: 10

The total length of the Special Tests will be more than 80% of the total route kilometers

ARTICLE 4: CARS & BIKS - CATEGORIES

4.1 Bikes

1. A: motorcycles under 250 cc four stroke and under 125 cc two stroke
2. B: motorcycles from 250 cc to 450 cc four stroke and over 125 cc two stroke
3. C: motorcycles over 450 cc four stroke

Classes

- Women
- C2 >600cc / C3 Big Enduro
- Veterans (Over 50 years old, born 1964 and back)

4.2 Quads

4. D: Quads

Classes

- D2 ATV / D3 UTV / D4 Buggy

4.3 Cars

1. Z1: Open Class 4x4 homologated or production cars, FIA or FMNR security standards
2. Z2: Normal Class 4x4 homologated or production cars
3. Z3: Entry Level Class for production cars, and for beginner crews

ARTICLE 5: REGISTRATION

For the race all competitors which hold a valid driver's license from the Ministry of Transport and a valid racing license from the EPA / OMAE for automobile drivers or a Racing License accreditation from AMOTOE for bike riders will be accepted to race.

With respect to foreign competitors, International - European Teams License will be accepted, or a National racing license together with a Starting Permission from the Federation where they belong.

License which holds penalties, which may be imposed by the corresponding disciplinary bodies, will not be accepted.

Competitors who do not hold a valid racing license can request a day license from the race administration, only if a valid driver's license is present.

Anyone who wants to participate, must complete an application form and deposit the amount corresponding to the class, indicating their name in the comments section and sending it by fax to 210 5127532 or by email to info@serresrally.gr TOGETHER with the deposit receipt of the entry fee.

For more information please go to our website <http://www.serresrally.gr>

For the application form to be accepted it must be accompanied by a bank transfer receipt. The original must reach the organizer no later than administrative inspection.

The co-drivers' registration must be declared by 22/8/2013.

The organizer has the right not to accept more than 100 entries.

The organizer has the right not to start the race, if there are fewer than 40 entries. In this case the entry fee will be refunded to the beneficiaries, without interest.

ARTICLE 6: FEES - INSURANCE

The participation fees are as follows:

For motorcycles and quads 800€. Before 1st March, 700€. While for late entries (not paid by 1/7) 900 €

For vehicles 4x4 900€. Before 1st March, 800€. While for late entries (not paid by 1/7) 1000€

The AMOTOE, OMAE, the Organizing Committee, LAMS, the Off Road Team, officers, judges, sponsors, advertisers and the drivers of the race, do not assume any liability to third parties for any accident which may happen during the race.

The liability is held by the insurance company which has concluded a contract covering risks from these activities.

Competitors should be aware that the stages take place on roads open to public traffic and must observe the National Road Codes throughout the race.

Insurance coverage:

The insurance coverage and amounts are listed in the Circular of the EPA / OMAE and AMOTOE.

ARTICLE 7: RACE

7.1 STARTING POSITIONS AND RACE START.

Motorcycles will be the first to start the race. After a period of 10 minutes Quads will start, while the first car will follow in time to be decided by the Race Director, but no less than thirty (30) minutes after the last Quad has left the start line.

The first Stage start order (Introduction) will be decided by the Race Director.

After each Stage, the start order will be set by the classification of the previous Stage, motorcycles and Quad will be first, then automobiles and 4x4.

7.2 ROUTES AND TRAFFIC

The race will take place on roads open to public traffic, except the special stages, the Prologue will be closed to traffic of other vehicles.

Competitors are required throughout the race to obey the National road rules and the maximum permissible speed set by them, and should show proper attention to regular users of the road. Especially for vehicles passing through residential areas, a designated maximum speed limit of 30 or 50 kilometers is set, unless the local road codes and signs provide lower limit.

In each case, the penalties can reach up to and exclusion from the race.

The route control and speed control will be checked by GPS tracking system, and will be monitored during and after the race, competitors routes will be checked for any violations.

7.3 VEHICLES ARRIVING TO THE START AREA

Vehicles must be presented at the start area, one hour before the start of the race; otherwise, the organizer may fill the position with another crew or competitor and will not be given permission to start. In this case, the crew, which did not appear at the start area, can be excluded from the race or stage.

7.4 SELECTED ROUTES AND TIMED ROUTES

Selected routes and timed routes of the race will take place on roads open to the public traffic.

The Average Speed on all special regularity routes is not greater than 50 km / hour.

On regularity specific routes that will take place on roads OPEN to public traffic, speed limits are set by the National Road Codes and SHOULD BE FOLLOWED at all times, even if the average speed set by the organizer is greater.

The crews must finish the regularity route without stopping (except for unforeseen events), following the Average Speed of the special stage, given by the organizer.

The organizer, in his discretion, shall designate intermediate timing points at check points.

The average speed for the precision timed routes may be announced before the start of the race.

7.5 MISSED CHECK POINT PENALIES (CP)

Missed Check Points Penalties

The penalty for missing a check point (CP) is set at 30 minutes for each violation. The Race Director, and under confirmation of the recorded tracks of the participants, can change the penalty.

7.6 SPECIAL STAGE PENALTIES

Special stage penalties will result from the total time on special stage. In the Special Stages with Regularity resulting from the deviation from the ideal time for each category.

7.7 PENALTIES LIAISON STAGES

Liaison Stage penalties for motorcycles, Quad and 4x4 are strictly proportional to the delay or early arrival, i.e. 1 minute penalty for every minute late or early arrival.

A penalty is considered as a late start of each day, stage, or liaison stage, in relation to the scheduled time set by the organizers.

The starting times of both Liaison and Special stage will be strictly on time and without delay, **by 3 minutes procedure**.

7.8 PENALTIES FOR SPEED LIMITS

SPEED CONTROL ZONE

In the zones defined as Speed Control Zones, the speed of the riders, in the Road Sections as well as in the Selective Sections, will be limited to 30, 40, 50, 70 or 90 km/h. Moreover, it is the responsibility of the rider to adapt his speed to the local population and the traffic.

These zones will be marked on the road book by a box marked "DZ" (start of the zone), a FZ box (end of the zone) and the maximum speed allowed. The absence of indicating signs for speed cannot give cause for protest.

Overtaking is authorized, on condition that the maximum speed authorized in the zone is not exceeded.

Speed controls will be done by means of the GPS Tracking. In a Speed Control Zone, if the speed limit is exceeded, a signal can appear on the GPS Tracking screen to indicate excess speed with a recording of this.

A deceleration area of 90 meters around the start of the zone as well as an acceleration area of 90 meters around the end of the zone will be allowed.

A Speed Infringement (SI) is made when the maximum speed is exceeded once or several times in the same Speed Control Zone.

When speeding, a pulse signal is recorded in the GPS every 150 m and the speed is shown on the speed page "SPD" on the GPS. Each pulse signal (IMP) will be penalized as follows.

I up to 20 km/h: IMP X 1'

I between 21 and 40 km/h: IMP X 2'

I more than 40 km/h: IMP X 6'

Example: Zone limited to 50 km/h. A rider passes the first two pulse signals at 100 km/h then the 3rd at 80 km/h, the 4th at 52 km/h; the other ones are below the limit.

Calculation: $2 \times 6' + 1 \times 2' + 1 \times 1'$ Total of the penalties: 15 minutes.

The second Speed Infringement will be when speeding once or several times in another Speed Control Zone. The Number of Speed Infringements (NSI) will be added during the event. From the second offence and for all the following, each pulse signal (IMP) will be penalized as follows:

I up to 20 km/h: IMP X 1' X NSI

I between 21 et 40 km/h: IMP X 2' X NSI

I more than 40 km/h: IMP X 6' X NSI

Example: in the second Speed Control Zone of the rally, limited to 50 km/h, the same rider passes the first pulse signal at 72 km/h, the 2nd at 63 km/h, the 3rd at 51 km/h; the other ones are below the limit.

Calculation: $1 \times 2' + 2 \times 1'$ Penalties: 4 minutes x 2 which makes a total of 8 minutes of penalties, as it is the 2nd Speed Infringement (NSI = 2), then x three for the third Speed Infringement (NSI = 3), x fourth for the fourth Speed Infringement (NSI = 4) etc.

The controls will be ordered by the Clerk of the Course or the FIM International Jury and executed by a GPS technician in the presence of an official or a Judge of facts.

The FIM International Jury can give a disqualification if the relapse of speeding is considered intentionally.

7.9 OTHER PENALTIES

The Race Director of the course taking into account, the penalties set by the General Regulation Rally Raid or penalties set by the General Regulation of resistance, and after agreement with the Stewards may impose penalties that can reach as far as exclusion from the race.

- If rider or crew calls for help via mobile phone for direction assistants, the penalty is 15 minutes. If 3 or more calls are made, the maximum penalty is set, assuming that the competitor has not completed the special stage.

- The penalty for a competitor who does not complete the special stage is: The maximum time or maximum penalty for the competitors who have completed the special stage, + time penalty equal with the length of the special stage in kilometers in minutes (SS=100km, penalty =100minutes). In any event, competitors who do not complete a specific or liaison stage cannot be classed over competitors who have completed all the stages, even though their total time is seemingly smaller.

- The penalty for a competitor who does not complete a liaison stage is: The maximum time or maximum penalty for a competitor who has completed a liaison stage, + time penalty equal to the liaison ideal time.

7.10 ONTIME LIMITS IN THE RACE

The on-time position of the race is set to every day limits from the organization. If a competitor has a time larger than the set time in a CP or TC, he is automatically out of the race, accepting the penalties, so they can continue to the next Stage. The organizers may modify the out of race time at any time upon proposal to the Race Director of the race, especially if the delay has come from a CP or TC before the middle of the race. Meaning the delay in the first TC cannot be over 30 minutes, over 1 hour for the second TC, etc. cars that exceed these times in a Stage, can start the next Stage, with corresponding penalties from the stage that was not completed.

7.11 INSTITUTION COURSE RECORD

The route of the race was done by bike and distances were count by ICO Rally and IMO 100R50 Rally, with an accuracy of 10 meters.

Calibration number: 2180. Calibration point is available in front of the administrative control.

7.12 GPS TRACKING by MY-TRACK

Trajectories of vehicles are monitored by satellite tracking – recording systems by **MY-TRACK**. They are able to calculate the correct route of the race, any violations of speed limits, stopping of the vehicle due to technical problems, and any delays due to unforeseen events: as e.g. a blocked path, providing help in case of an accident, etc. In such cases, the Race Director may decide to remove the particular delay from a crew, when it is proven that the delay was due to an unforeseen event or foreign assistance in case of injury of another competitor.

7.13 TIMEKEEPING

The timekeeping system in the Special Stages will be done by INFOMEGA, the Enduro World Championship partner. There will be sensors – transmitters and on-line Live Results continually.

7.14 EARLY ARRIVAL

Early arrival is allowed on the 1st liaison stage, or in the last liaison stage at the end **of each stage** of the race. It is not allowed for the rest of the liaison stages, unless the organizer decides for motorcycles riders, for safety reasons.

7.15 FINAL STANDINGS

The final classification in Serres Rally, will be include the addition of all the penalties from Special Stages and Liaisons, as ONE race, and not adding point classifications of the 7stages

ARTICLE 8: SPONSORSHIP

Organizer keeps the right to put stickers on participants' vehicles.

If the competitor does not want it, must pays double entry fee.

ARTICLE 9: TROPHIES

There are cups for the 1st, 2nd and 3rd in every category.

All participants who will finish the race will take medals or diplomas.

Cups for classes winners in motorcycles.

Cups for overall winners in motorcycles.

The organization may give extra cups as it likes.

ARTICLE 10: PRIZE GIVING CEREMONY

The Prize giving ceremony will take place at Elpida Resort & Spa Hotel the scheduled dinner time. **The competitors' presence is compulsory.**

ARTICLE 11: VEHICLES AND CREW EQUIPMENT

11.1 BIKES

The motorbikes must have: Light, brake light, horn, rear fender with mudguard, copy of number plate.

Street legal tires are not obligatory but recommended.

11.2 QUAD - ATV

The Quads must have: Light, brake light, horn, nerf bars, kill switch.

11.3 RIDERS

Riders must wear: Full Face Helmet, Chest protector, knee protectors, elbow protectors, gloves, Enduro Jacket, Boots, mask.

They must also carry on them:

- Motorcycle tools and extra spark plug
- Tire repairing set - if no mousse, tire is equipped
- Mobile phone in waterproof packaging (able to phone out and receive calls) which will be open with a loud sound
- Horn - lights
- Camel Back with water
- Energy Bars
- Enduro Jacket + waterproof Jacket
- Mini Survivor kit (compass, torch / flashlight, foil survival blanket, lighter, small mirror, whistle, smoke rocket, flares or red hand - held smoke flares, pencil + contact number + first aid form, paper and useful phone numbers).

11.4 AUTO 4X4 Z1

The cars must be equipped with: roll cage, race belt, bucket seats, 2 2kg fire extinguishers, or equal automatic system, ECE helmets, 2 belt for the vehicle, first aid kit, mudguards, kill switch, lights, brake lights, Horn, Stop signal, and all the rest equipment mentioned from the Technical Regulations.

11.5 AUTO 4X4 Z2

The cars may be equipped with: roll cage, race belt, bucket seats. The cars must be equipped with 2 2kg fire extinguishers, or equal automatic system, and for the crew recommended ECE helmets (compulsory if there is roll cage), 2 belt for the vehicle, first aid kit, mudguards, kill switch, lights, brake lights, Horn, Stop signal, and all the rest equipment mentioned from the Technical Regulations.

11.6 CREWS

The crews must wear suitable clothing,

And they must carry on their cars:

- Large plastic trash bags
- Plastic boots
- Work gloves
- Rope
- Straps (at least 2)
- Carabiners, snatch block
- Off Road Jack
- Spare tires
- Fire extinguisher 2kg
- Tow joints
- Extra clothes
- Car tools
- Water (2 liters)
- Lighter
- Mobile phone which will be open with a loud sound
- Horn - lights

11.7 SAFETY EQUIPMENT

All competitors are responsible for the safety equipment given by the organization (GPS trackers, timekeeping sensors - transponders, mobile or global phones), and they had to return them back in the same condition. Otherwise, they had to pay for any damage or loss.

Carrying of any type of fuel tanks on the vehicles is forbidden. Only recommended extra tanks for Quads and bikes.

Serres Rally Raid 2014

General Things

RTFM Read the Fucking Manual (this handbook)!!!

Everything you do during this event is under your own responsibility. The Serres Rally organization cannot be held liable for any damage that you or your vehicles suffer or that you cause to anyone or anything else.

In the Serres town, there is the Serres Hospital, 3 kms from the Hotel Elpida, to the end of Perimetrical Road, to Drama.

The Serres Rally organization provides medical and emergency services, but due to the character of the race, it is not possible for these services to be immediately near to any incident. Keep it in your mind! You are here for fun. Stay healthy!

Race Time is Greek time = European Central Time (CEST) +1 hour.

You must have a mobile phone with roaming 24 hours per day open, during the whole event. Ensure that you can be called by the organization at any time.

Organization have installed GPS - GPRS Tracker on your bike, so to follow you at any time with a Global System Monitoring. You **MUST NOT** turn off this tracker! In case of emergency, you can call the organization to give you directions about your position or your return back to bivouac. Don't forget: There is **NO** the perfect system, and the best system is **NOT** panacea...

Do not say **malaka** (μαλάκα) to any male Greek person that you don't know personally, especially not to officials like policemen, customs officers etc. You severely risk that famous Greek hospitality immediately turns into its opposite. This rule does not apply to your Greek friends. Don't say malaka to women, this does not make any sense at all.

Race

Due to the international character of the event, the roadbook is written in English. Be Happy that it's not in Greek... Make sure that you understood all roadbook symbols and information before you start into a stage. It's probably better to ask before than to experience a personal nightmare off the rallye track. We are here to ask us everything! The uppermost authority on questions concerning the roadbook is the Clerk of Course.

On every day of the Rally, the Roadbook refers to the Gas stations, at Special Stages and Liaisons. In the 3rd and 5th Marathon Stages, the organization will bring your fuel to a refueling point. The same will be done in the 2nd day, (NOT from the organization, but from your services) in the middle of the 2nd Special Stage of the day (SS3). There will be your tank to wait for your thirsty vehicle. We only transport serious fuel containers without any leaks.

In the mountains

You will be alone in the mountains. Most likely you will meet other people hanging around there for whatever reasons. Slow down your speed and always greet when you pass people. The Rally Track is NOT CLOSED! So, always be aware that you might encounter traffic (pick-ups, Vans, big trucks, tractors, etc.) that in general have more hand power than you!

You will come across fences and gates in the mountains. They usually don't protect property, but try to prevent animals from strolling around where they like. In case you encounter a gate on the track, pass and leave it in the state it was before. There will be Time Checks and Paramedics every 30-50 kms. You have NOT to stop on these Time Checks, only to lower your speed, just to see your race BIB Number.

Wildlife

There are some honeybees this season... Be careful, and please, inform us in case you are allergic on bees.

About sheep, cows and Goats: If you meet a shepherd with his herd blocking the track, greet him, slow down or even stop and wait to let HIM organize his animals to free the track before you go on.

You might meet turtles on the track! Do not run over them! You can stop your vehicle, get off and place the turtle in a more safe location, out of the road. It will not run away when you do this, and you have a good chance to increase your karma!

Paddocks

Please, do not leave your rubbish alone... Put them with others! Clean your vehicles in the appropriate places, and do not burn out inside the parking area! The speed limit in the parking - paddock area is 20km/h. If you don't respect this rule the punishment is money penalty, imprisonment and walloping!

Penalties and Time Limits

Race director and Clerk of Course can impose penalties for unsporting or generally stupid behavior. There are no written rules for this. You are an experienced rider, so just don't bullshit and you are fine!

Delay limits and penalties for Liaisons and Special stages will be as follows:

Abandonment of a Stage

Each rider / each crew has the right to not finish a liaison or special stage as many times, as he wants, but on the condition that he starts the race day!

However, competitors, who complete ALL the special stages, and ALL of the liaisons without abandonment, will be classified above the others! Their classification will be above someone who was not able to finish a stage; this includes classification for race day and for the final classification.

DNS

If a competitor does not start a day of competition, he will receive an additional penalty of 2h00' but has the right to do so only once in the race, so he can be legible for classification and not considered out of the race (i.e. abandon the race, not just the stage).

Whoever does not start 2 or more race days, is considered to have abandoned the race, but reserves the right to participate in all stages of the race for his personal pleasure.

Time limits

The time limit on liaisons is +50% of the ideal time. From then on, it is considered that the competitor has abandoned the liaisons stage. The time limits for the special stages, depends on each particular stage, and is announced before the race, but in any case, it cannot be longer than if the stage was travelled with an average speed of 25km/h.

Example: If a competitor is traveling repeatedly slow (and not due to a temporary misfortune, like a flat tire, damage that can be repaired and he continues) will be warned by the race stewards, beyond a certain limit which will leave him behind the flow of the race and of course because of night fall, he is obliged to leave the stage and return via the local roads, in which case he will be classified as abandoning the stage.

Liaison:

If one rider or one crew does not complete or does not try to run liaison, the penalty which will be imposed for classification of the day, is the perfect time for the Liaison. *

That is, if his time is 6h45' and the last liaison has an average time of 30 minutes, and he returns with assistance, or bypass the liaison, etc., he will receive a penalty 30' having a total of 7h15'.

Special Stages

If one rider or one crew does not complete or does not try to run the stage, the penalty which will be imposed for classification of the day, is the maximum time for the corresponding category (Bike & Quad or 4x4) + minute penalty for the length of the specific stage in kilometers. (i.e. 1-minute penalty for each km of the special stage).*

** Intermediate timings for security reasons will be enforced for both the big 4th liaison dirt stage of the 4th day, and on the large marathon special stages of the 3th and 5th days. If the competitor abandons the stage after a check point, the penalty will not be calculated in minutes corresponding to a total length of the stage, but will be calculated after the check point that the competitor has past.*

I.e.: If for example a competitor in the 280km special stage, passes the fourth intermediate time check point at 210km and abandons after (e.g. 250km), he will be given the last competitor's time of the stage, +70' minutes corresponding to the time from 210km to 280km. This so a rider will not be penalized harshly, if he abandons near the end of a long special stage.

Road Book Sample

- Basic Infos for this part of the Roadbook (Race, Area, Kms, Time, Average Speed - Regularity)
- Partial kilometers from the previous picture
- Total kilometers from the start of this part
- These two small lines, means: Not that way - wrong way
- This is the critical point of the picture. Here is the navigation point - the point of calculating the kms numbers
- The black dot is the place that you are coming, the point of view the cross road, the picture.
- Double picture: there are 2 crossroads in that picture. This number means the distance between the 2 crossroads. The total kms refers to the 1st crossroad.
- Off road path. Turn again to an off road trail...
- From off road path the track becomes more clear - visible
- Coming from a downhill path you go straight. Left there is an uphill road
- Road
- Track - off road

A few words about the organizers

- LAMS (The Serres Auto Moto Club), who have hosted and organized one of the most successful recent ISDE's (2008), alongside numerous rounds of the World Enduro Championship.
- Off Road Team, who have organized races in Greece for 17 years, (Enduro, Navigational, Supermoto etc) and the Greek Rally Raid Cup for the last years and have also co-organized World Enduro Championship rounds in both Greece and Turkey.
